### Emergency Telephone Reminder

Please remember to call 911 FIRST in the case of an emergency. DO NOT call the front gate to ask whether you should call 911. The 911 operator will determine if it is an emergency. You can always call security at the front gate if they tell you it is not an emergency.

### ***Important Alert for all Golf Cart Users...***

We have been advised that the golf cart path to WalMart will be closed to all traffic from January 14 through January 18 for resurfacing, repairs and improvements to the drainage system. These repairs should significantly improve the condition of the cart path. However, during this time the cart path will be blockaded against all traffic. Please do not use the path for your own safety until traffic is restored. BE SAFE!

### ***Reality Check....***

#### Kings Point Heritage Park

Questions have been asked about landscaping for the Heritage Park. YES—the COA has plans under development for landscaping the park. It is a work in progress and will improve over time.

#### RV Storage Lot

What's going on? A wall is replacing the trees that were removed on Kings Blvd.

#### Bright House Channels

A question has been asked about whether Bright House can change the selection of channels they offer on their service, change them from analog to digital, or modify what they offer in their standard package under the contract between Kings Point and Bright House. The answer is YES—Bright House can change the standard channel line-up at its sole discretion. They can also move channels from analog to digital and modify their programming. Bright House offers the same channels to Kings Point as they offer to residential customers in Hillsborough County.

#### Dumpster Use

The Federation has a contract with WSI to provide dumpsters within several Associations. These Associations pay for this service for the sole use of their residents. These dumpsters are not for use by anyone who does not live in those Associations. These dumpsters are also not to be used by contractors to fill them with debris from a single residence so that others in an Association cannot dispose of their trash properly. If you do not live in an Association that uses dumpsters, please be courteous and do not use them—they are not for you.

### ***The Loft Lounge...***

In February the new Loft Lounge will open. This lounge expands the seating at the South Club café by about 60 additional seats and provides additional options for residents for food and socializing, including continental breakfast options and evening cocktails. THANK YOU TO MINTO for contributing to this project and to Vesta for making it happen.

# Security briefing

**T**o everyone that survived the end of the world that was predicted for December 21, 2012, Happy New Year. I guess this means I will have to start thinking about paying some of those bills I ran up in anticipation of not having to repay them. I would like to use this article to give you an update on what I am trying to accomplish in this upcoming year. I have about nine months on the job now and have identified some things that I will be trying to improve on.

**South Entrance Gate Operations.** I have received a number of suggestions on how to improve the way things are done at the South Gate. The amount of traffic continues to grow each day and it is no longer just a delivery or construction gate. Part of the challenge is the amount of space and the layout of the entrance itself. The other challenge is the mindset that it is just a delivery gate, without traffic to justify increased manning levels. This month I will be instituting a cross training program to bring some of my other supervisors and officers to the South Gate to have a fresh set of eyes to look at how we do business and to institute some improvements. You will start to see some minor changes at night to restrict the number of entrance lanes. This might mean a slight delay as we process a visitor; but will be well worth the increase in safety. The other improvement you will see in the near future is the installation of a closed circuit camera system at both gates to improve our security measures and to provide historical data of events. I have been in the process of rewriting our internal procedures on how to increase safety here and the camera system will help verify that the new procedures are working. Please bear with us.

**Visitor Entry Procedures:** My goal is to insure that every guest that has been properly invited onto Kings Point property get to their intended destination as quickly and safely as possible. We get it right 98% of the time. You can help us out the most by informing your guest of what we are looking for at the gate. Our

entry system is driven by the assumption that your guest will know your address. I can find your address by looking up your name; however, that takes time. You can really help us out by making sure that your guests know your address and unit number. The unit number is especially important when we get into the Andover, Bedford and Cambridge areas to name a few. The other thing you can do is to call in advance, up to a week before the visit. You can also email us the visit request as long as you give us 24 hours' notice. Monday morning deliveries are the busiest. You can really help us out by letting us know about your purchase as soon as you get home from the store with the delivery information. Just send the request to [kpscvisitor@vestaforyou.com](mailto:kpscvisitor@vestaforyou.com). Please include your name, address you want the visitor to go to including the unit number, phone number, name of the visitor and the number of days they will be visiting. We will send you a confirmation email or request additional information. I will close by saying that I truly appreciate the opportunity you have extended my officers and I to provide you with the safest location in Hillsborough County as we continue to explore ways to increase your security levels without compromising your quality of life this year.

*Scott Dunlap is Kings Point's security director.*

# New Minto Luxury Paired Villa Homes Coming to Nottingham

## Announcement

Sun City Center homebuyers are continuously discovering the premium quality and enduring value of a new Minto home, and will be excited to learn that the renowned homebuilder is breaking ground for a collection of luxury paired villas in the Kings Point neighborhood of Nottingham.

Beginning early 2013, Minto Communities will offer 70 new luxury paired villa homes with six

different floor plans ranging from 1,503 a/c sq. ft. to 1,862 a/c sq. ft.

The same luxury paired villa homes are currently available in the Oakley Green and Richmond neighborhoods. The Nottingham luxury paired villas are expected to range from the \$150s to \$180s.

To learn more about Sun City Center or any of our other award-winning communities throughout Florida, visit [www.mintofla.com](http://www.mintofla.com) or call 813.634.6400.

**Vesta is pleased to continue the ID Me! Project to the Kings Point community.**

**WHY DO WE NEED NEW BADGES AND DECALS?** For the first time, ALL residents of Kings Points will have a badge which identifies them as a resident of this wonderful community. In addition, these identifying badges will aid in controlling the use of recreational facilities, attendance on the transportation system and potential gate access issues which was a predominant concern according to the survey.

**WE NEED YOUR HELP!** This will be an extensive project which will require all of us to work together, especially you, the residents of Kings Point. In an effort to badge 8,500 residents, we have created a calendar with a designated day for each Association to come to the Clubhouse and process their information. See the next page for details. If you can't make it on your Association's day, come on another day! We will eventually fit everyone in, so we ask for your patience in advance.

**FILL OUT YOUR FORM!** In order to facilitate this, we will need each resident to **FILL OUT A VERIFICATION FORM before coming** to the Clubhouse. In addition, if you have a vehicle and/or a golf cart, you will need to complete this information on the Verification Form as well. You will find these forms at each Clubhouse, and online at [kingspointuncitycenter.com](http://kingspointuncitycenter.com). **Remember...no form, no badge...so please come prepared.**

**WHAT DO YOU NEED TO BRING?** Besides yourself and your Verification Form, you will need to bring your old badge, a driver's license with your KP address (or a utility or cell phone bill with your name and KP address on it, to establish residency). If you are registering a vehicle, please bring your registration and proof of insurance. And bring your patience; there is no way to determine how many of your neighbors may show up at the same time. We plan on approximately 15 minutes to process each resident. If you need a vehicle or golf cart decal, you will then go to either Guard Gate at your convenience to obtain those.

**WHERE IS ALL THIS HAPPENING?** In the Box Office. 8:30 a.m. to 4 p.m. unless otherwise scheduled.

**HOW LONG WILL THIS TAKE?** We are well ahead of our projections and could well finish the project by the end of February, if folks keep coming in earlier than scheduled. While we have tried to plan for all circumstances, there is always a possibility for equipment failure, so please relax and enjoy a cup of coffee and the company of your neighbors while you wait your turn in line.

**PLEASE PASS THE WORD...**the ID Me! Project is making great progress! More than 75 percent of the community have gotten their new badges and decals.

# Fitness and Wellness

## **Healthy Hints: February 2013**

### **American Heart Month**

**Every 36 seconds, someone dies from heart and blood vessel diseases-America's #1 killer. Most of those deaths are from coronary heart disease- about 452,000 each year!**

#### **Warning signs of a heart attack:**

- Uncomfortable pressure, squeezing, fullness or pain in the center of your chest that lasts more than a few minutes or goes away and comes back.
- Pain or discomfort in one or both arms, your back, neck, jaw, or stomach.
- Shortness of breath with or without chest discomfort.
- Nausea, breaking out in a cold sweat, or lightheadedness.

#### **Why don't people act fast enough?**

*Half of all people having a heart attack wait more than 2 hours before getting help.*

- Some people feel it would be embarrassing to have a "false alarm."
- Some people are so afraid they are having a heart attack that they convince themselves they aren't having one. These feelings are very dangerous.

*If you or someone you are with has chest discomfort, especially with one or more of the other signs, don't wait more than 5 minutes before calling for help. Call 9-1-1 or the emergency medical services in your area (fire department or ambulance). Get medical care immediately!*

#### **What changes should I make to improve my heart health?**

- Get help to quit if you smoke.
- Control high blood pressure.
- Keep your cholesterol in a safe range.
- Control your blood sugar.
- Be physically active.
- Eat healthy meals low in saturated fat, trans fat, cholesterol and salt.
- Get involved in regular physical activities.
- Lose weight if you need to.
- Have regular medical check-ups.
- Take your medicine exactly as prescribed.

**If you or someone close to you shows signs of a heart attack, call 9-1-1 and get help right away. Knowledge is power, so Learn and Live!**

## **Fiber - How Important Is It?**

*Studies show that those with the highest intake of fiber have a significantly lower risk of dying of any cause.*

**What is fiber?** A plant-derived carbohydrate that cannot be digested by humans, so it passes through your system relatively intact and has little to no caloric value.

**There are two types of fiber.** Soluble (dissolves in water) and insoluble (does not dissolve in water). Both types are important to your health and are found, often together, in foods such as whole grains, fruits, vegetables, nuts, seeds, and beans.

### **Fiber in your diet helps you by:**

- Working as a natural laxative because it increases stool bulk allowing the stool to pass more readily through the colon.
- Possibly playing a role in the management of those with irritable bowel syndrome and those with loose stools.
- Acting as prebiotics feeding healthy bacteria in your gut, leading to better colon health.
- Improving blood sugar by slowing down the rate that food empties from your stomach, delaying the rise in blood sugar after meals and preventing an excess insulin release.
- Improving hunger control due to delayed stomach emptying.
- Adding bulk to your diet without adding calories, an aid to long-term weight loss.

**How much fiber do you need?** Women should consume about 25 grams of fiber per day and men should consume 38 grams. Most Americans get less than half the daily recommended amount of fiber.

**What foods are good sources of fiber?** Fruits, vegetables, whole grains, nuts, seeds, and beans contain naturally occurring fiber which is the best for health benefits. Choose whole foods for optimal health and avoid refined and highly processed grains and fruit juices that have been stripped of their fiber, and many nutrients.

### **You might need a fiber supplement if:**

- You have trouble taking in adequate amounts of fiber each day.
- Suffer from bowel problems and high cholesterol.

**If you increase your fiber intake, remember to do so slowly to avoid gas and bloating. Also, be sure to drink plenty of water. To find the fiber content of popular foods visit: [http://www.nationalfiberCouncil.org/food\\_chart.shtml](http://www.nationalfiberCouncil.org/food_chart.shtml).**
